**DETAILED ACTION**

***Claim Rejections - 35 USC § 112***

1. Claims 1, 4, 8-10 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

In claim 1, "plasma curing at least one photoresist layer of a semiconductor wafer to shrinkage resulting from subsequently utilizing an electron beam for critical dimension measurement" is new matter. The specification does not provide process steps how it is possible that plasma curing could happen as a result of a subsequent process step (utilizing electron beam).

Claims 1, 4, 8-10 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1, "plasma curing at least one photoresist layer of a semiconductor wafer to shrinkage resulting from subsequently utilizing an electron beam for critical dimension measurement" is vague and indefinite. It is unclear how plasma curing at least one photoresist layer is a result of a subsequent process step (utilizing electron beam). Plasma curing happens before using electron beam for critical dimension measurement.

***Allowable Subject Matter***

2. Claims 11, 12, and 15 are allowed.

The following is an examiner's statement of reasons for allowance: The amendment (October 28, 2003), and argument / remarks (October 3, 2003), especially page 7, second paragraph bridging to page 8, are deemed persuasive to overcome the previous 35 U.S.C.103 (a) rejections.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of
